PROPOSAL FOR IMPROVEMENT

INSTRUCTIONS: The Working Groups of IEST are continually working on improvements to their Recommended Practices and Reference Documents. Suggestions from those who use these documents are welcome.

It is important that suggestions be as specific as possible. For example, tell us if passages require interpretation, are ambiguous, too rigid, or too loose, and so forth, and then give proposed changes in wording that would solve the problem. Tell us of any difficulty in applying the Recommended Practice to a particular situation and of any other problem the document presents.

This form may be e-mailed to technicaldept@iest.org, faxed to (847) 981-4130, or mailed to IEST, 1827 Walden Office Square, Suite 400, Schaumburg, IL 60173 USA.

Document number: ________________________________________________________________

Document title: _________________________________________________________________

___________________________________________________________________________________

1. Name of organization submitting proposal: ____________________________________________

2. Type of organization:  □ Vendor  □ User  □ Manufacturer

□ Other (specify) ________________________________________________________________

3. Name of person submitting proposal: ______________________________________________

4. Street address 1: ________________________________________________________________

   Street address 2: ________________________________________________________________

   City: ____________________________________________________ State/Province: ____________

   Postal Code: ___________________________ Country: _________________________________
